Quote of the Day

Your most unhappy customers are your greatest source of learning.
(Bill Gates)

Marine Projects

Cecon Pride Vessel pictured here, is a high-tech subsea construction vessel for offshore oil and gas exploration. It will be used for pipe laying, diving, well intervention and ROV support for the offshore oil and gas industry. The vessel was the first of three, built at Davies

shipyard. It is the largest ship build in Canada in more than 20 years. 35 Type C Wynn Straight Line Wipers were installed on the vessel – Supplied by M.Kool Transportation Products INC, .

Rail Projects

The Rail department has secured the following projects this month:

Solaris	Project Braunschweig	3 rd Project won for Solaris in Poland for 36 Trams in Germany
Newag	Project 31WE	New customer in Poland, 8 sets ordered for the first delivery
PESA	Project DB Bahn	Third project won for PESA in Poland
BST	Project 807	120 cab sets ordered for China
Bombardier UK	Project Southern Extension	A further 58 cab sets ordered
CSR	Project E27	A further 178 cab sets have been ordered since December

Rail News

We would like to welcome Lee Foxall to the B Hepworth team, from the 3rd February. As a Global Sales Manager, his primary responsibility will be the expansion of our current rail business.

If you would like to include anything in next month's issue of our newsletter, please contact Gemma Pinfold.
