Marine Projects

B Hepworth's Canadian Agent, M Kool Transportation Product Inc supplied Type C Straight Line Wipers and associated control systems for the Hero Class Mid-Shore Patrol Vessels (MSPVs).

A contract for \$194 Million was awarded to Irving Shipbuilding Inc. in August 2009, for the construction and design of nine MSP vessels for use by the Canadian Coast Guard (CCG). The vessels, assembled in Halifax Shipyard, were named after Canadian war

heroes from the Royal Canadian Mounted Police (RCMP), Canadian Coast Guard, Department of Fisheries and Oceans and Canadian Forces.

The vessels were acquired as part of the CCG's long-term fleet replenishment initiative. The 43m MSP vessels can endure at sea for two weeks, with high-speed and long-range capabilities enabling extended operations in difficult weather conditions.

The construction of the first vessel, CCGS Caporal Kaoble V.C started with the steel cutting ceremony, which was held in winter 2011. The ship was delivered to the Coast Guard in November 2012. The construction of the remaining vessels has now all been completed.

Marine

Christine Mc Alpine has become the latest addition to the B Hepworth Sales Department, in the role of Sales Administrator for the Hepworth Marine Division. Christine will deal with all orders, quotations and enquiries for this sector of the company.

We would like to give her a warm welcome to the company and we very much look forward to working with her.

Fabrication

B Hepworth's metal polishing section can ensure any metal is finished to an extremely high standard. Our metal polisher has over 45 years of knowledge and experience in the trade, and can provide you with finishes from etch and sateen, through to mirror finish. We can cater for ferrous and non-ferrous metals in any quantity, and use specialist techniques to ensure all products are finished to the highest possible standard. We can also carry out finishing if required. Please contact our Fabrications Division for further information.

If you would like to include anything in next month's issue please contact the Marketing Department.
